

*For Immediate Release*

**Aisen launches its 8inch Trolley Speaker 'A01UKB610' with FM Radio, priced Rs. 5490/-**

- Available with Wireless Microphone for Karaoke Night, 20.5cm speaker with 30Watts RMS power

Aisen, one of the fastest growing Consumer durables brand in India, brings up its next super compact Trolley Speaker 'A01UKB610'. The 8" handy speaker is engineered for exceptional sound performance; and an intense audio experience; raising your bar of sound excellence all in elegance.

Sporting a super sleek design, the speaker is packed compact with the room filling sound. It has embedded LED Lights that complements your home décor while letting you experience every detail of the sound. Given its size and sound, the speaker promises to stand out from every Trolley Speaker in the market with the best budgeted price.

Equipped with Castor wheels and retractable handles, simply slide and glide the Music wherever you go! Outfitted with the powerful, 30W Total RMS Power (3000 PMPO), the speaker has been designed for music enthusiasts looking for that edge of innovation, with its portable design and wireless Bluetooth music streaming.

Connectivity options include USB, SD Card, and Bluetooth. The speaker comes with a remote control as well, that lets you adjust important settings according to your preferences. With built in FM Radio, simply tune to the world of Music! The versatile speaker also supports karaoke function, external audio/ microphone input and Electric Guitar inputs as well.

The speaker is already available with leading retail stores like Value Plus, Sony Mony and e-commerce portals across India.
