- *Smart TV with Android 6.0 version, access to Aptoide store*
- *Hot keys Remote Control to access your favorite apps.*

AISEN, the high tech brand bringing balance in smart innovation with exceptional quality, introduces its **UHD Smart TV, 'A65UDS980'**. Brilliant picture with high performance engine, high-speed response and smart, multi-function versatility, maximizes the entertainment experience.

The stunning 4K picture not only seamlessly blends in with the home décor but also brings the magic of cinema directly to your living room. The UHD Display offers a fantastic true life picture quality with a screen resolution of 3840 X 2160. It's A+ grade panel with High Dynamic range and Wide Viewing angle (178 degree design) supports ripple free images each time.

With inbuilt 16W Dolby sound, transform your living room to Theatre experience, that produces clear, rich sounds well suited to movies or sports. The Smart TV just got Smarter with the E-Share App, which enables users to connect and enjoy any content, from apps to movies, the simplest and easiest way ever.

Engineered with 1.5Ghz Quad Core processor, integrated with 2GB RAM + 16GB ROM, immerse yourself in a responsive and fun filled gaming experience.

Control everything with one Remote that promises a seamless experience where everything is just a click away. The Smart TV comes with several connectivity options such as 4X USB port, an AV input and 3X distinct HDMI ports to not just pair external devices but also wirelessly share data.

High in energy efficiency & supporting the Power saving mode, the TV automatically fine-tunes the backlight and brightness. The product with 03 year warranty is already available with leading retail and ecommerce stores across India.
